

Covid-19 Guidelines for Property Viewings

On the morning of your arranged viewing, you or any member of your household must not:

- Have tested positive for Coronavirus within the last 14 days
- Be displaying or experiencing Coronavirus symptoms
- Be in a current period of self-isolation.

If you are unable to meet any of the above criteria you are required to contact us immediately to cancel the viewing and reschedule.

Your obligations when viewing the property:

- Hand sanitiser to be used upon entering and leaving the property
- Masks should be worn inside the property
- A 2 meter social-distancing policy must be followed
- Only our Viewing Agent and a maximum of two other adults should attend at the property at any one time
- If children have to attend at the property every effort should be made to avoid them from touching surfaces
- Adults should avoid touching surfaces and are encouraged to wear protective gloves and use disinfectant wipes.

We commit to the following:

- Our Viewing Agent will be in good health and displaying no signs of Coronavirus
- Whilst conducting the viewing our Viewing Agent will wear appropriate Personal Protective Equipment (PPE) e.g. gloves, masks and shoe protectors where required
- Doors and some windows will be open for ventilation.
- Whilst in the property, contact with surfaces will be minimal and they will be disinfected between viewers.

As a result of Covid-19, viewing time slots require to be longer than usual in order to allow for the necessary preparation and cleaning in between viewings. In view of this, good time keeping is essential along with communication to us if you are running late.

Where possible, and depending on the size of the property, viewers are asked to minimise their time inside the property to 15-minutes. Queries or feedback on the property should ideally be discussed outside or by telephone after the viewing.
